## PREMIUM STOCK LAYOUTS

Created by our designers for your ease. Select a pre-made template that best fits your brand, then personalize with your text and one of our premium stock icons!

## STOCK LAYOUTS

Traditional and modern layout options for your cap design!

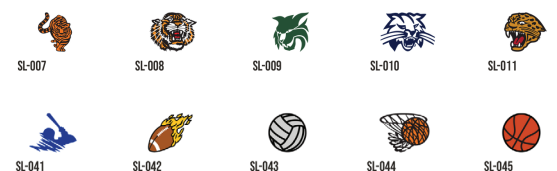

## PREMIUM STOCK ICONS

Premium stock icons feature some of the most popular art we have seen in over two decades of custom cap embroidery experience. Select one to use in a Premium Stock Layout, or individually in an alternative location.

## STOCK ICONS

Stock icons feature some of the most popular designs and team mascots from across the country. Rep your team by selecting an icon for use in a Stock Layout, or use individually!

## CUSTOM EMBROIDERY

Your design here! The best embroidery in the business on the highest quality caps. Rep your brand, team, or business on a cap people won't want to take off.

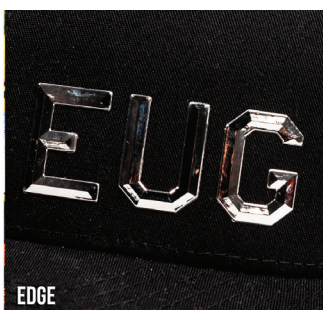

## SUBLIMATED PATCHES

Digitally printed for a photo-realistic representation of your design. Achieve the color blending and color gradients you have struggled to get with other patch styles.

## GENUINE LEATHER PATCHES

Genuine leather patches offer a high-quality artisanal look for your cap. Laser etching provides sharp lines on one of three colors for a variety of contrasts and styles.

## FLEXSTYLE® PATCHES

Previously known as Liquid Embroidery, FlexStyle® by Pacific Headwear uses new, innovative technology to achieve extreme design detail, multiple texture options and vibrant colors - including chrome and metallics!

## WOVEN PATCHES

The tight weave allows for more design detail, clean lines and a flatter appearance. Made with thinner thread and continuous stitching, woven patches achieve fine detail and flexibility to better shape to the crown.

## EMBROIDERED PATCHES

Embroidered patches are created with traditional embroidery thread on high-quality twill for a classic, bold patch look. Embroidered stitching creates 3-dimensional texture and a vintage feel.
