American Rivers

RIVERS CONNECT US

It's not just that rivers make our lives better.
We can't survive without them.

American Rivers and Augusta Sportswear Brands are partnering to raise awareness about threats to rivers and clean water — and what each of us can do to help.

American Rivers believes a future of clean water and healthy rivers everywhere, for everyone, is essential. Since 1973, the national nonprofit has protected wild rivers, restored damaged rivers and conserved clean water for people and nature. With headquarters in Washington, D.C. and 300,000 supporters, members and volunteers across the country, it is one of the most trusted and influential river conservation organizations in the United States, delivering solutions for a better future.

IMPORTANT DECORATION NOTICE

Due to dyes used for creating this garment, dye migration is likely if screen printing or using certain heat transfers without preventive steps. You are advised to consult your Screen Print ink or Heat Transfer provider before decorating if you are unsure of the proper steps for decoration.

DECORATION RECOMMENDATIONS

- Low Temp or Low "bleed" Inks and Heat Transfers only
- For Platisols, a black or grey blocking layer should be considered
- Consider Silicone Inks as best alternative
- Consult with your ink or heat transfer provider if necessary before decorating

IMPORTANT DECORATION INFORMATION

Due to dyes used for creating this garment, dye migration is likely if screen printing or using certain heat transfers without preventive steps. You are advised to consult your Screen Print ink or Heat Transfer provider before decorating if you are unsure of the proper steps for decoration.

DECORATION RECOMMENDATIONS

- Low Temp or Low "bleed" Inks and Heat Transfers only
- For Platisols, a black or grey blocking layer should be considered
- Consider Silicone Inks as best alternative
- Consult with your ink or heat transfer provider if necessary before decorating

ARTWORK

How to submit: For quickest and most economical order process, please submit artwork in vector format. We accept either .eps, pdf, or .ai files. Files submitted in this format must be of proper resolution and true vector artwork or they will need to be resent or redrawn. All other file types can be redrawn but will not be exact match and will extend lead-time.

Art approval: Art approval is your sign off on the artwork, sizes, quantities, and roster telling us to proceed with an order you have already placed. We do everything possible to ensure order accuracy, but ultimately need your final sign off to produce the garment accurately. It is critical to give the art approval process a thorough review. Lead times do not start until you have provided approval on the artwork, roster, and all relevant order information.

Roster approval: It is important to preview each image during roster entry to ensure that the selections render correctly. This step allows the opportunity to go back and make changes to the design prior to order submission. The customer is responsible for proofing and approving all names and numbers. Utilize our online roster form for ease of submission.

COLOR

Augusta Sportswear offers a robust color pallet to cover any need. Colors are intended to match each of our brands stock color standards. These colors are calibrated regularly on all equipment. Despite all efforts to perfectly match the color standard, it is impossible to guarantee an exact match from order to order.

Online designs feature RGB values which can vary from one monitor to another. In production, the RGB values are converted to CMYK values for printing. Augusta Sportswear Brands will not be responsible for color variations between online previews and production garments.
