- All production lead times from art approval
- Player personalization only available in sublimation NO twill option
- Available customization include stock and custom design lines, addition of team logos and selecting logo embellishment techniques for Performance Series only
- Minimum re-orders: Essential 1 pcs & Performance Series 20 pcs
- Custom colors and fonts require additional lead time as addressed below.
- Augusta Sportswear Brands will not be responsible for production delays caused by natural disasters, strikes, labor disputes, war, riots, civil discord, terrorism, US holidays, local Mexico holidays, government actions, customs delays, Fed Ex delays.
- Lead times are based on available capacity and may be adjusted during peak periods.
- They are also quoted at the time of art approval. If an order is placed and the lead time changes prior to art being approved they will receive the updated lead time at art approval.
- Lead time starts from art approval. Supplying artwork in vector format and supplying detailed information around placement, size, and colors will help speed up the process.

ARTWORK

How to submit: For quickest and most economical order process, please submit artwork in vector format. We accept either .eps, .pdf, .svg, or .ai files. All other file types can be redrawn but will not be exact match and will extend lead-time.

Art approval: Art approval is your sign off on the artwork and roster telling us to proceed with an order you have already placed. We do everything possible to ensure order accuracy, but ultimately need your final sign off to produce the garment accurately. It is critical to give the art approval process a thorough review. Lead times do not start until you have provided approval on the artwork, roster, and all relevant order information.

Roster approval: It is important to preview each image during roster entry to ensure that the selections render correctly. This step allows the opportunity to go back and make changes to the design prior to order submission. The customer is responsible for proofing and approving all names and numbers. This includes ensuring font is in desired upper or lower case format. Utilize our online roster form for ease of submission. Please follow roster instructions to ensure correct information is applied to your order.

Mock ups: Mock-ups are requests for artwork without supplying an order. They help pre-approve artwork and speed up the process so that you do not have to wait for an approval once you get your roster. Mock-ups must be ordered on the builder by selecting "mockup" from the roster size in step four of the design process.

Augusta Sportswear Brands offers free custom mock-ups and logo redraws. In the rare instance that art requires over 3 hours to complete and is not accompanied with an order, you will be charged an additional charge for the time. We will request your approval to move forward before proceeding with the charges. In these instances when you pay for a mock up and come back to place your order we will not charge the custom art fee associated with that order. If you place an order from a mock-up you will still receive the final art with your roster to approve.

Custom fonts: Augusta Sportswear brands will accept custom font orders if the live format of the custom font is provided. The order will be considered full custom and longer lead times apply. See details above. Additionally, a per unit upcharge of \$6 MSRP will be applied for up to 50 units. Augusta Sportswear pattern fills can be added to both standard and custom fonts. If the garment design uses a standard font and pattern fills are applied, the order will be considered full custom with longer lead times and the \$6 MSRP per unit upcharge. If the garment design uses a custom font and pattern fills are applied, garments will only be up charged \$6 MSRP per unit once. Custom fonts or adding a pattern fills to fonts require additional time for large orders. Please add 5 additional days of lead time.

COLOR

Augusta Sportswear offers a robust color pallet to cover any need. These colors are calibrated regularly on all equipment. Despite all efforts to perfectly match the color standard, it is impossible to guarantee an exact match from order to order.

Online designs feature RGB values which can vary from one monitor to another. In production, the RGB values are converted to CMYK values for printing. Augusta Sportswear Brands will not be responsible for color variations between online previews and production garments.

PMS Color Matching: We offer PMS color matching as a service. We are unable to guarantee an exact color match, but will utilize a detailed process to ensure the closest match possible. We charge \$50.00 MSRP per color to be matched. This charge is in addition to the \$6.00 MSRP art charge that is required to update all the art files with your custom color. These orders will require additional lead time to match the color. Please add 5 days to your lead time. Orders that require a match to a physical garment or have an excessive amount of colors may require additional days. Rush service is not available on these orders. Reorders requiring a PMS color match will not receive a charge, but will require the additional lead time stated above.

CARE OF SUBLIMATION GARMENTS

Sublimated designs will not crack, peel, or fade over time and will last the life span of the fabric. Designs do not wash out. Similar to piece dyed fabric pilling can occur. When pilling occurs the white body fabric can become visible. Below is a list of Sublimation “Do’s and Don’ts”. Following these care instructions will be crucial to the long life of your sublimated garment.

YES	NO
Machine wash cold water, gentle cycle with similar colors.	Do not use bleach
Dampen any stains with water and a small amount of mild soap or detergent.	Do not use fabric softeners
Tumble dry on low works fine, but hang to dry is best.	Do not iron
Turn garment inside out before washing (this is not required, but may extend the life of the garment)	Do not dry clean, store damp, or wash or dry with items containing Velcro zipper, or other rough surfaces
—	Do not rub fabric against abrasive surfaces like a fence or Velcro from a bag

Augusta Sportswear Brands will not be responsible for uniforms that are damaged due to improper care or maintenance. Failure to follow our specified care instructions will void all guarantees.

Under no circumstances are sublimated garments to be put through a screen-print dryer or heat press. Dyes will migrate and the design will be ruined.

GENERAL ORDER INFORMATION

Order changes and cancellations: After art approval orders cannot be cancelled or changed. If you have not approved artwork or need to make a change, contact our Customer Care team by going online and clicking Live Chat, or please email Augusta Sportswear Brands at sales@augustasportswear.com.
